# Huawei First Mobile

# Huawei P Line

# HUAWEI P40 Series

### **4K Livestream**

The ultra-high network speed plus low delay time, means you can enjoy clear and fluent 4K livestream as much as possible.

### **Wi-Fi 6 Plus**

Using Dynamic Narrow Bandwidth technology, the Wi-Fi 6 Plus enabled phone penetrates more walls and floors. Supporting 160 MHz bandwidth, it brings out optimal speed reaching up to 2.4 Gbps.<sup>10</sup>

### **Dual SIM Plus eSIM<sup>9</sup>**

Select any two out of the three channels based on your needs. When one SIM card is used on a call, the other can still receive calls or access the internet at the same time.

### **Network Compatibility**

Supporting 2G/3G/4G/5G, SA & NSA network architectures and most mainstream frequencies, it allows you to travel around the world.<sup>11</sup>

## 22.5 W HUAWEI SuperCharge<sup>13</sup>

Enjoy the safe and fast charging. Get ready quickly for the next challenge.

**Relax. You Always
